Flight Scanner: Global "Ghost" Flight Scanner Secret Live Deals with Transparent Baggage-Inclusive Pricing

Views 24 | Clicks 2 | Score 7.1

Visual discovery card generated for this item

Image asset: most-clicked-intel-report-item-11-24.jpg

Intelligence Summary

This is a "Secret" Flight Discovery Engine that bypasses traditional markup to reveal hidden airfare deals across 1,200+ global partners. Unlike standard comparison sites, it prioritizes Total Cost Transparency, specifically focusing on baggage-inclusive pricing to eliminate "hidden fee" surprises at checkout. It combines live global search data with AI-driven price prediction to help users find the absolute lowest price floor for any destination.

Why it appears in this report

This discovery may be useful for readers tracking online tools, specialist services, marketplace offers and emerging digital opportunities.
